Artist Solos

5 - 27 November 2022

2 x 2 presents two solo exhibitions by Kate Knight and Simon Paredes, each celebrating a devotion to colour, composition, form and design. In Simon Paredes' *Brillo*, the application of prism pencil to paper is dense and meticulously applied, the imagery stylised and controlled, underpinned with a distinct quirkiness. In *Kaleidoscope*, Kate Knight creates explosions of fractured colour, each piece organically constructed and full of movement and energy.

Kate Knight: *Kaleidoscope*

In this dynamic body of work, bright, multi-colour swatches of irregular shapes fill the plane. The interlocking imagery morphs continuously from organic leaf-like grid lines through to more geometric and obscure shapes, creating a myriad of powerful directional shifts within each piece. The changing pattern of shapes and colours and the intersecting angles and linework results in a mesmerising undulating optical effect.

Simon Paredes: *Brillo*

Brillo brings together two streams of Paredes' practice; the playful interpretations of pop culture product labelling and the investigation of museological displays of taxidermy birds, each executed with an acute sense of colour and design. The product series balances text and form with wonky charm, while there is a fantastic tension between the simplified animal forms and scientific subject matter in the museological bird images.
