Art et al. x APA: Intersect

3 - 25 September 2022

"The [Curating Collections] project was a joy right from the start. The Monash University Collection is so vast and rich, that I felt like a child in a sweet shop. And once I found a way to describe how it spoke to me (i.e., travelling), I became determined to suck as much excitement out of it as possible."

- Billy Mann, artist, Submit to Love Studios and Art et al. Steering Committee Member

Arts Project Australia respectfully acknowledges the Wurundjeri people of the Kulin Nation, the traditional custodians of the land on which we meet, exhibit and create art.

Art et al. is proud to announce its second Australian exhibition, *Intersect* at APA's Collingwood Yards gallery.

The exhibition features new international commissions, collaborations and artists engaged by Art et al. during 2021-22.

Intersect also presents two curated video works introducing 2022 programming 'UK x Australia x Indonesia', a year-long collaboration with the Indonesian organisation Ketemu.

Intersect presents work from three continents by neurodivergent, intellectually and learning disabled artists, alongside their non-disabled peers. The exhibition focuses on the artworks produced during 'UK/AU Season of Culture' Peer/Peer collaborations – digital residencies pairing international artists with and without disabilities. Another focus will be revisiting artists featured by Jennifer Higgie, Ella Fleck and Katrina Schwarz.
