AUSTRALIA

19 March - 24 April 2022

*Circleworks* uses the formal aesthetics of the hand-drawn or handmade circle as a departure point to explore artistic processes, perspectives, experiences and stories. The exhibition features artworks by Arts Project Australia artists **Fulli Andrinopoulos** and **Julian Martin**, alongside works by Mimili-based artist **Linda Puna** and **Louise Bourgeois**. Each artist has produced their artworks within specific contexts—culturally, geographically and materially—yet they connect through the formal repetition of their circle-like motifs. This visual connection allows for the chance to closely consider the particularity of each artist’s visual sensibility. *Circleworks* aims to celebrate these relations while acknowledging cultural differences.
